

GLASS DOORS - ECLISSE SYNTESIS® FLUSH

SLIDING - GLASS DOOR WITH STANDARD REDUCED VEIL

Standard handle made of artistic fused glass for sliding glass doors.

The ECLISSE glass doors in the finishes shown below, with or without decorations, are supplied with a special aluminium veil with a minimalist design. Thanks to its low height (30 mm) it is barely visible. VITRO is the glass door adapter that allows a glass door to fit into a model of the ECLISSE SYNTESIS® FLUSH COLLECTION.
